

## Improvements made around the grounds

Transformations around the Showground have been underway these past few months:

- Members and Councillors Grandstand external seating has been refurbished
- Driving along Hardy Avenue is a new experience – no pot holes – just a smooth surface.
- Silver Jubilee Pavilion is fitted out with cool air conditioning.
- Robinson Pavilion now sports new toilet blocks, with the addition of new unisex/disabled/parent rooms.
- There has been an upgrade of electrical and IT services in the administration building.
- And more projects are in the pipeline.

## And the winner is...

**Claire Jordon** - our winner of the Australian Blue Ribbon Cookbook competition of City Beach, was thrilled to claim her prize and, as you can see from the image, she is not letting it go anytime soon!

## New Treasurer and new Councillors

The RAS has welcomed a new Treasurer, Dudley Elliott and three inspiring Councillors – Mary Nenke, Bruce Mullan and Bill Keane.

Each of these RAS representatives, with backgrounds of industry knowledge and expertise within their professional fields, bring a wealth of skills to the Council table that will help to endorse and lead the vision for the future of the Claremont Showground and this not for profit organisation.

**Mary Nenke**, joint owner of Cambinata Yabbies, located on the family's board-acre farming property near Kukerin, has collected a number of awards over the years, including the RAS Rural Community Achiever award, through her tireless efforts to keep agriculture in the forefront of industry, politics, tourism, and diversification. Mary has successfully linked the country to the city to champion farming. This initiative led to the annual 'Farmer on the Plate' event held in Forrest Place. She is a committee member of numerous organisations and sits on a number of boards.

**Bruce Mullan** holds a PdD from the University of Western Australia and is a Director of Livestock Industries Innovation within the Department of Agriculture and Food of WA. Responsible for all research and development activities associated with the sheep, beef, dairy and pork industries, Bruce heads the Pork Innovation Group, holds the Moir Medal for service to West Australian agricultural research and held a number of board positions.

**Bill Keane** is a Barrister for a leading Perth law organisation practicing primarily in commercial and regulatory litigation, with a focus on competition law, consumer law, intellectual property and complex contractual and corporate disputes. Bill coordinates and lectures in Competition Law at UWA Law School. With industry knowledge and experience within grain supply chains, rail and port access as well as food industries, Bill has advised and represented a range of leading companies and government agencies.

**Treasurer - Dudley Elliott** has more than 30 years commercial, banking and taxation experience specialising in not for profit organisations, international businesses and a range of industries from retail, property, agricultural, manufacturing and resources. Dudley, who has his own advisory practice, is fluent in Japanese and has also provided many services to large Japanese companies. He is currently a board member and treasurer for the Spine and Limb Foundation Inc.

# CORPORATE PARTNERS

## Discounted tickets

As a valued member of the RAS, we again offer you the opportunity to purchase up to seven (7) single entry adult or child tickets at a 50% discount (not available to Junior Members).

Adult \$14.00 | Child \$7.00 (13-15 yrs)

Thanks to the support from the WA State Government - children aged 12 years and younger have free entry when accompanied by an adult.

**This offer is available until 2.00pm Friday 26 September 2014. Please contact the RAS membership coordinator to take up this offer, [membcoord@raswa.org.au](mailto:membcoord@raswa.org.au).**

## Entertainment

### Let's go LEGO®

Budding builders will revel in the creative, hands-on fun of the Show's LEGO® Brick Zone. From free play and building at custom-made Lego play tables, kids of all ages will find plenty of activities to keep them entertained. There will be daily Speed Play competitions and great prizes including Ninjago accessory packs, Chima 3D stickers and Chima character wheels and LEGO® mascot Max.

### Foamy fun

Mischievous Mr Bubble Man is followed by a cloud of cascading bubbles... and a crowd of ecstatic children! Up to 15,000 shimmering suds are propelled into the air every minute via his amazing bubble factory on wheels.

### Titan the Robot

This mechanical marvel wows the crowd with his cheeky mix of comedy and street theatre.

The 2.4m metal wonder, dubbed the largest entertainer on the planet, is back to strike awe and wonder in his audience. Never one to be shy, Titan has kicked soccer balls with fans in Moscow, appeared with superstars including Rhianna, will.i.am and JLS, made his presence known at the Abu Dhabi FI Grand Prix and is an all-round electrifying entertainer!

### Pigs might fly!

Show rules may not permit any money exchanging hands, but we bet that everyone will be all a-flutter as this spectator sport involving racing and diving pigs. The crowd will want to stay for the finale, when two of the porky contestants climb 2.5 metres and dive into a pool!

### What a pair

Little people will love the Bananas In Pyjamas show, featuring Australia's favourite twins. The lovable pair with their catchphrase, "Are you thinking what I'm thinking B1?" And the inevitable reply, "I think I am B2", will get the crowd going with their much-loved hit songs and dance steps. These cheery bananas are a-peeling, to say the least...

### Arena action

When it comes to testosterone-fuelled, adrenalin-pumping performances we have no doubt your heart rate will accelerate with the Horsepower display, galloping twice daily around the Main Arena.

WA's highly skilled and experienced FMX and BMX teams and our Eastern States' cousins Elijay Freestyle will also be ramping up the excitement with their motorcycle and bicycle stunts that signify danger, suspense and gravity defying thrills.

## IGA - Supporting the Community

**IGA is once again proud to be the naming rights sponsor of the Perth Royal Show. This is the seventh year that IGA has been a strong supporter of Western Australia's major community event. There are now more than 260 locally owned and operated IGA supermarkets in WA with over one third located in regional areas and so it's important that we continue our involvement.**

The Royal Agricultural Society of WA has given IGA the Community Partner level of sponsorship because of its high level of involvement with the community and its real partnership with the RAS and the Show.

This year we will again be selling discounted tickets in all IGA stores.

At the Show, the IGA Fresh from WA Pavilion will showcase products from local suppliers and food producers. The IGA Follow the Yellow Brick Road show bag will lead Showgoers on an educational trail around the Show. Not to mention the IGA Fireworks Spectacular which keeps everyone

entertained at the end of the day. In addition, this year we will again be sponsoring the Kids Cooking Classes in the Farm 2 Food Pavilion, a fairly new initiative at the Show.

Every year IGA donates more than \$1,000,000 to their local community organisations through its Community Chest Fund and other local sponsorships, including Princess Margaret Hospital, St. Vincent de Paul Society, WA Breast Cancer Care, Royal Flying Doctor Service, IGA Carols by Candlelight, IGA Taste Great Southern in the South West and Perth Zoo.

From everyone at IGA, we look forward to this year's Show being bigger and better than ever!

## Looking to chill out? Enjoy a meal?

Members have access to two fantastic dining areas to enjoy a leisurely meal or a relaxing cuppa. Choose from the Members Lounge upstairs in the grandstand which has great views over the arena to watch the entertainment and fireworks or the revamped Amelia Park Steak House and Ranch in the Wattle Room, also with views of the arena. Both are proudly catered by Ultimo Catering and Events who source their products from local WA producers.
